Task #1

You see this announcement in a travel magazine

A PLACE WORTH VISITING

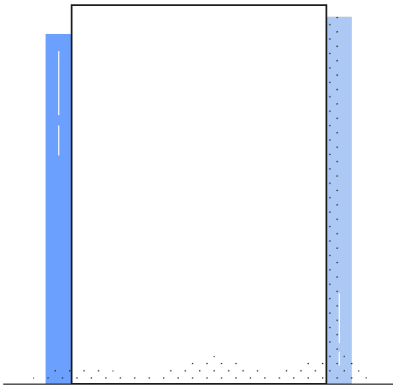

Have you recently visited a place that you would recommend?

What did you like about it?

What should people visiting this place do to enjoy their stay?

Write your article in 140-190 words.

We will publish the best articles next month.

Task #2

Your teacher has asked you to write an essay about jobs and careers.

Is it better to go into further education than getting a job directly after you finish high school?

Write about:

- 1 - which has immediate advantages
- 2 - what people usually do in your country
- 3 - your own idea

Write your essay and express your opinion.
